

# PRESTIGE CARE, INC SAVES MONEY AND TIME WITH DOCUDRIVEN

## BACKGROUND

Prestige Care provides Independent Living, Assisted Living, Rehabilitation, and Home Health services throughout the western United States. Prestige Care receives approximately 2,000 bills a month at their Central Support Services location. They were seeking ways to optimize their accounts payable processes. Once they implemented one of DocuDriven's Accounts Payable Solutions, they were able to spend less time on accounts payable processing and more time providing needed support for their facilities.

## RESULTS

- Reduced time to process an invoice by 57%
- Can now find 100% of their bills - 100% of the time
- All bills are input within 24 hours of receipt
- Now saving 2912 AP labor hours annually
- Quickly integrated into web-based accounting software
- Became a top tier organization in the "least cost to process an invoice" category within the healthcare industry.
